

Solar integrated bracket outdoor light

What are the best string lights for outdoor space?

These typically have a solar panel that needs to be placed where it can receive a good amount of sun daily. For example, the Brightech Solar LED String Lights, our best string lights pick, can provide ambiance to your outdoor space all year long. Hanging lights are also super easy to install and versatile within your outdoor space.

What are the best outdoor solar lights?

For an affordable lighting option that adds ambiance to your outdoor space, we recommend the 33-foot-long Brightown Outdoor Solar string lights. Available in seven colors (we tested white), these fairy lights survived all of our durability tests and were easy to install, with only two stakes needed for the solar panels.

How do you Mount outdoor solar lights?

Some outdoor solar lights mount like traditional light fixtures, using screws, including our best wall-mounted pick, the Better Homes & Gardens Solar Dusk to Dawn Decorative Outdoor LED Light.

What is the difference between solar pathway lights & mounted spotlights?

Solar pathway lights help guide you when walking at night, while mounted spotlights may have security monitors or be intended to highlight landscape features. Where you place your lights is another consideration. Some are staked into the ground while some are mounted or hung on the side of your home.

What are the best solar landscape spotlights for outdoor spaces?

Our top pick for most outdoor spaces is the AloftSun Motion Sensor Solar Landscape Spotlights. During testing, they withstood all of our durability tests, were easy to use, and were even bright enough to read under! These spotlights can detect motion from as much as 33 feet away, depending on the setting.

What kind of battery do outdoor lights use?

Our ground lights use a 600 mAh nickel-hydrogen battery, which has 30% more power than other nickel-cadmium batteries, longer lifespan, and no pollution to the environment. Automatic On & Off? The outdoor lights solar powered feature a light sensor system that automatically turns on at nightfall and off in the morning.
