We believe that solar should be affordable to all people not just to the wealthy. Wholesale Solar Warehouse is your trusted partner for all your DIY solar projects!

What is solar buyback & how does it work?

When your solar panels are producing more energy than is needed to power your home, they send the excess power back to the grid - and you get paid the best market rate for that power. This is what's known as solar buyback.

What is RTW solar buyback?

This is what's known as solar buyback. Since real-time prices are published by ERCOT in 15-minute intervals, your solar will earn a credit equivalent to how much you sold back multiplied by what the price was during those 15 minutes. What can I expect from my bill on an RTW plan?
