

World PV Inverter Company Ranking

How pvbl ranked the top 20 global photovoltaic inverter brands in 2023?

On the first day of the conference, PVBL's annual ranking of the Top 20 Global Photovoltaic Inverter Brands was announced. Preferential policies promoted the inverter market growth in 2023. Most of the major inverter companies won a large amount of orders and expanded their capacity with high shipment volume.

What is the global PV inverter market share in 2022?

In terms of market concentration, the top 5 vendors (Huawei, Sungrow, Ginlong, Growatt, and GoodWe) shipped over 200 gigawatts (GW) of inverters, accounting for 71% of the total global PV inverter shipments in 2022 - a year-over-year growth of 8%. The market share for vendors in positions 11-20 shrank to 13% in 2022 compared to 16% in 2021.

Which PV inverter vendors shipped the most in 2022?

Wood Mackenzie said that the top five vendors shipped more than 200 GW (AC) and accounted for 71% of total global PV inverter shipments in 2022, up 8% from 2021. The report notes that for the top vendor of 2022, Huawei, shipments increased by 83%. Ginlong Solis posted growth of 86%.

Why are global PV inverter shipments rising?

This is mainly driven by strong growth in markets in Europe, India, and Latin America where government support increased to meet decarbonisation goals. Wood Mackenzie research analyst Annie Rabi Bernard said: "Despite soaring raw material prices, supply chain challenges and delayed constructions, global PV inverter shipments continue to rise.

Why did PV inverter shipments increase in 2022?

The industry saw this renewed increase in shipments as the pandemic-related chip shortage and other supply chain challenges eased in 2022. The top five vendors - Huawei, Sungrow, Ginlong Solis, Growatt, and GoodWe - shipped more than 200 GWac and accounted for 71% of total global PV inverter shipments in 2022, growing 8% from 2021.

Which inverter companies are leading the market growth in 2023?

Preferential policies promoted the inverter market growth in 2023. Most of the major inverter companies won a large amount of orders and expanded their capacity with high shipment volume. Sungrow and Huawei tied for first place in the list with outstanding performance.

In the top 10, the number of Chinese companies has increased from 6 in 2021 to 7 in 2022. Significant Increase in both China's Inverter Installation and Shipment Volumes. In addition to releasing the global inverter ...

Discover the leading solar panel manufacturers worldwide through Sinovoltaics' Ranking Report Edition

World PV Inverter Company Ranking

#2-2024. Get free access to the rankings of over 70+ PV module ...

On the first day of the conference, PVBL's annual ranking of the Top 20 Global Photovoltaic Inverter Brands was announced. Preferential policies promoted the inverter market growth in 2023. Most of the major inverter ...

Austin, Texas (March 05, 2024) - Sinovoltaics, a global leader in quality assurance, ESG & Traceability for the solar photovoltaic (PV) and battery energy storage system (BESS) ...

Tap into the top solar panel manufacturers in the world with the Sinovoltaics Ranking Report Edition #1-2024. Get complimentary access to the rankings of over 70+ PV module ...

They offer solutions for both residential and commercial needs, with products like solar inverters, power optimizers, backup batteries and even complete solar energy kits. The industry is ...

Explore the top solar panel manufacturers globally with Sinovoltaics' Ranking Report Edition #3-2024. Gain free access to comprehensive rankings of over 70 PV module manufacturers, 30 inverter manufacturers, and 40 energy storage ...

The PVBL's annual list of the Top 20 Global Photovoltaic Inverter Brands was released on the first day of the meeting. Most of the companies on the list above are publicly ...

The range of its business spans PV inverters, energy storage systems, power quality systems, plant development, etc. Sineng solar PV inverter portfolio includes-String ...

From pv magazine Global. Sinovoltaics, a Hong Kong-based technical compliance and quality assurance service firm, has released the second edition of its ...

Solis is one of the world's largest and most experienced manufacturers of solar inverters supplying products globally for multinational utility companies, commercial & ...

The top 10 global solar photovoltaic (PV) inverter vendors accounted for 86% of market share in 2022, increasing by 4% year-over-year since 2021, according to latest ...

From pv magazine USA. The top 10 global solar inverter vendors accounted for 86% of the market in 2022, up 4% year on year from 2021, according to a new study by Wood ...

The top 10 global solar photovoltaic (PV) inverter vendors accounted for 86% of market share in 2022, increasing by 4% year-over-year since 2021, according to latest analysis by Wood Mackenzie, a global insight ...

World PV Inverter Company Ranking

The most popular inverter brands on the EnergySage Marketplace include Enphase and SolarEdge. In 2021, the most commonly quoted and selected inverter on the ...

Global top 10 solar photovoltaic (PV) inverter vendors shored up 82% of market share in 2021, increasing by 2 percentage points compared to 2020, says Wood Mackenzie, a Verisk business (Nasdaq:VRSK). Global PV ...

Sinovoltaics, a Hong Kong-based technical compliance and quality assurance service firm, has released the second edition of its Sinovoltaics PV inverter manufacturer financial stability ranking ...

Despite Covid-19 and 2021's unstable supply chain, Sungrow, the global inverter solution supplier for renewables, continued to invest in R& D and update its product ...

Established in 2005, Ginlong (Solis) Technologies (Stock Code: 300763. SZ) is one of the most experienced and largest manufacturers of PV string inverters. Under the Solis ...

What follows are the Top Solar Inverter Products for 2021. Take a look at this year's innovative products (listed alphabetically by company) within the solar inverter category (grouped by ...

Sinovoltaics, a Hong Kong-based technical compliance and quality assurance service firm, has released the second edition of its Sinovoltaics PV inverter manufacturer ...

In the top 10, the number of Chinese companies has increased from 6 in 2021 to 7 in 2022. Significant Increase in both China's Inverter Installation and Shipment Volumes. ...

Sungrow was the world's biggest PV inverter company in 2021, shipping 47.1GW of products and expanding its production facilities in Asia ... takes top spot in global ...

Their primary products include PV inverters, wind converters, energy storage systems, new energy automotive drive systems, and floaters for floating PV power plants. The company has been in the solar industry for over ...

Some of the biggest and best solar companies in the world have been pushing the boundaries of what is possible with solar energy, with innovative products and services ...

PVTIME - Renewable energy capacity additions reached a significant milestone in 2023, with an increase of almost 50% to nearly 510GW, mainly contributed by solar PV manufacturers around the world.. On June 11 ...

In 2022, the company's global market share of photovoltaic inverters is 23%, ranking second in the world. The market share of energy storage system is 16%, ranking first ...

Huawei, Sungrow, Ginlong, Solis, Growatt, and GoodWe emerged as the top solar inverter vendors in 2022, driving a significant portion of the year's 330 GW (AC) of global ...

Established in 2005, Solis (Ginlong Technologies) (Stock Code: 300763. SZ) is one of the most experienced and largest manufacturers of PV string inverters. Under the Solis brand, the ...

Solar inverters are key to allowing solar panels to function by turning sunlight into electricity usable by your home appliances. Here are some of the best. ... Inverter size options: 10%; ...

Sinovoltaics starts the year with edition #1-2022 of PV Manufacturers Ranking Reports. In Edition #1-2022, you can access the ranking of 70+ PV Module manufacturers, 30+ Inverter ...

The solar inverter market is snowballing as more and more people turn to solar energy to power their homes and businesses. According to a report by MarketsandMarkets, the global solar ...

The ranking is based on publicly available information on publicly traded companies. The top ten inverter manufacturers are China's Hoymiles Power Electronics, Irish ...
